

## Changes in Enrollment

Changes in enrollment may result in a revised financial aid award. You must notify the Office of Financial Aid and Student Accounts immediately if there is a change in your enrollment, should you stop attending classes or should you drop below a half-time status.

## Withdrawing from Classes

If you withdraw, discontinue attendance, or drop classes, the [Student Accounts Office](#) will determine the amount of financial aid that was earned and the amount that was unearned. You will be notified if you are responsible for repaying any part of the unearned financial aid.
