

## **Return of Title IV Funds (Federal Financial Aid Funds)**

If a student is a recipient of federal financial aid (Title IV) funds and withdraws from their classes prior to the 60% refund period, Purdue University Calumet is required to determine the amount of unearned financial aid funds that must be returned to the Title IV program(s). Depending on the amount of federal financial aid disbursed to a student or onto a student's account, a student may be liable for a portion of the amount of unearned financial aid that must be returned to the Title IV program(s).
